HOW TO TRAVEL WITH YOUR SHOES

Just as you care for your suits when traveling, you need to put some effort into packing your shoes. Here's how to do it.

At home, use cedar shoe trees to maintain the shape of the shoe.

SHOE SERVICE PLUS | \$45

But when you travel, go for plastic ones. They're much lighter to carry.

PREMIER | \$5

Pack shoes in felt bags (they often come with high-quality dress shoes). They will keep the leather from getting nicked and will also prevent the soles from dirtying your clothing.

LOAFER BY BARKERBLACK | \$650

Or find a carry-on with shoe compartments that separate your shoes from your clothes.

WEEKEND BAG BY TOD'S | \$2,250
LOAFERS BY TOD'S | \$325

Bring a travel-size shoe-polish kit with you, especially for longer trips. You never know if the shoeshine guy might be on vacation, too.

SHOE KIT BY MONTBLANC | \$135
POLISH, TOP, BY KMI | \$3
